KROSS GLAD GARDENS

523 SO. HARRISON ST.

SAGINAW MICH.

We wish to express our thanks to you who have ordered bulbs and requested lists. Your orders and interest are much appreciated.

Although we had a splendid crop of bulbs this year we are nearly sold out on numerous items, so we would suggest that you send your orders in as soon as possible.

Our local and state customers will be interested to know that we have secured the services of an experienced grower, who will be at the farm at all times to take care of those who wish to drive out there for their bulbs, plants, and cut flowers.

T E R M S

Terms - Cash with order. All orders of \$2.00 or over will be shipped prepaid. We try to be unusually generous with overcount and extras, and we do not substitute without permission of the customer, so please suggest substitutes in case we are sold out of some items on your order.

G U A R A N T E E

We guarantee all bulbs to be healthy and true to name. We will replace any not true to name, and if you are not satisfied with bulbs when received, return them to us at our expense and we will gladly refund your money.

Visitors are welcome at the gardens at all times.

D E L P H I N I U M

We have approximately one thousand 2 and 3 year old delphinium plants in various shades ranging from light, through medium and to dark blue - some single and some double. These are all splendid plants which must be disposed of in order to make room for other stock coming in.

These plants are not labeled as to color, nor can we select colors for you, but they are the same quality as those we ordinarily sell at 35¢ per plant. As long as they last we offer them to you at 6 for \$1.00, you to pay the postage.

This fall we will have Hoodacres and Vetterle & Reinelt white delphiniums to offer again. We sold out completely on these magnificent plants last year but expect to have a sufficient quantity to supply all our trade from now on. These will range in price from 50¢ to 1.00 per plant. Drop us a card if interested.

D A H L I A S

We offer you below some of the newer and better dahlias. Our stock is not large, so would suggest that your orders be mailed as soon as possible. We will be unable to accept any orders after April 15th, and tubers will be shipped about May 1st.
